

CHARLES LOUK, Sierra Madre postmaster presents J. Porter Byrne with a certificate of merit for 38 years of faithful postal service, later John H. Curtis presented Porter with a bronze plaque from the Chamber of Commerce. A testimonial luncheon was held Friday, June 26.

### 38 Years of Postal Service

## J. Porter Byrne Honored At Retirement Luncheon

Delivering mail for 38 years, followed by retirement, brought J. Porter Byrne, well-known Sierra Madre mail carrier, an honorary luncheon and commemorative plaque, tendered him by his many merchant friends to whom he has been delivering mail regularly for the past 14 years.

The luncheon given Carrier Byrne by some 50 of his friends and fellow workers at the Eldorado Restaurant in Pasadena, was sponsored by Sierra Madre merchants and the Sierra Madre Chamber of Commerce. Tom Schwartz, long-time Sierra Madre merchant, resident and present City Treasurer, presided.

Charles Louk, Sierra Madre Postmaster, presented retiring Postman Byrne with a certificate of merit for his 38 years of faithful postal service, which was signed by Raymond R. Holmquist, California - Nevada - Hawaii Regional Postal Director, and John H. Granowski, Postmaster General.

A bronze plaque honoring Byrne for his long service as a carrier was presented by John H. Curtis, past president of the Chamber of Commerce, in behalf of the Sierra Madre merchants.

## Team Has \$50 Added

A recent "letter to the editor" placed in the Herald-Examiner by Alexander J. Prober of Altadena, explaining the need of the Sierra Madre Search and Rescue Team, has enriched the Team by approximately \$50.

Contributions this past week have come from such places as Boron, El Monte, Montebello, Hollywood, Alhambra, Temple City and Los Angeles.

It is very encouraging to know that many in California are answering the needs of the Team.

## Pasadena Firemen to Have Huge Circus on July 4th

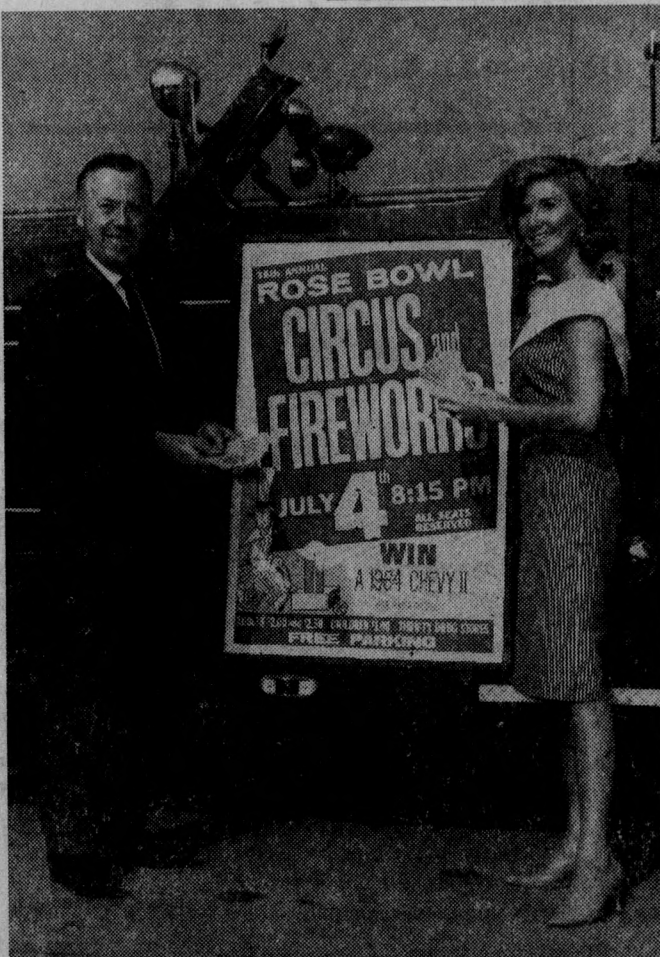

"Hey kids, the circus is comin' to town," is a cry seldom heard in the mid-twentieth century. There was a time 50 years ago, before television, surfing, skate boards and Little League baseball when the annual visit of the circus was the highlight of the summer season for many a small town across the country.

Well, the circus is coming to town again, and it's more exciting than ever. On July 4, at 8:15 p.m. the Polack Brothers Circus, sponsored by the Pasadena Firemen, will appear at the Rose Bowl in the only appearance by a circus in the San Gabriel Valley this year. For the 38th time the Pasadena Firemen will stage their annual Circus and Fireworks Show in the Rose Bowl with all proceeds going to the Los Angeles County charities.

A huge crowd of more than 50,000 is expected to conclude Independence Day at the traditional family show, which features in addition to the four-ring circus, a spectacular fireworks display saluting our nation on its 188th birthday.

The circus portion of the show will begin promptly at 8:15 p.m. and will be introduced by "Miss Liberty Belle," television actress, Charlotte Stewart; the MC's for the evening will be KLAC disc jockeys Al Lohman and Roger Barkley; and the Grand Marshal will

## Local Kiwanians Attend 49th Convention

Everywhere we look these days there are political rallies going on, and some of the most enthusiastic campaigners are our Sierra Madre Kiwanians. Since Jim Wolfe has been nominated for the Kiwanis International position of District Governor of Nevada, California and Hawaii, the local members attending the 49th Annual Convention of Kiwanis International in Los Angeles this week grabbed the chance to campaign for him.

With typical political gusto, they widely acclaimed Jim's slogan, "Man Alive For '65." Those attending the convention along with Jim Wolfe, were his ardent supporters Joe Grippi, president; Harry Nelson, secretary; Irl Beatty, Doug Delahooke, Walt Fader, Charles Louk, Knox Hager and Dave Kirkpatrick.

More than 16,000 Kiwanians and their families from the United States, Canada, Mexico, the West Indies, Western Europe and Japan gathered in the "City of the Angels" for the four and a half day event. The convention sessions were held in the Los Angeles Sports Arena, and among the work accomplished was the election of officers for 1964-65.

Among the highlights of the convention were many interesting speeches given by well known men, appearances by movie and TV stars, an afternoon ladies' event, "Cavalcade of Hollywood Fashions," and on Wednesday evening the Kiwanians were honored by the Los Angeles Dodgers. There also were many musical groups, bands, choruses, soloists, etc., presented during the convention period, plus a complete program for the children in attendance.

Everyone is cordially invited to come to the July 10 concert and enjoy a delightful music-filled evening under the stars.

All season's concerts start at 8 p.m. at the park and will be given July 10 and 24 and Aug. 7 and 21.

If you are an experienced player wishing to play in the band, bring your instrument to the Sierra Mesa School on North Canon next Thursday evening at 7:30 for rehearsal.

# Additional Police Help Studied

Budget Hearings To Be Held During Month; Final Adoption About July 28

## Council Trying To Hold Its Budget Without Increase

The Council met Tuesday evening at the hour of 7:30 for the purpose of studying the budget and receiving reports from the Library Board, Fire Department and Police Department, relative to tentative cuts made in their submitted budgets.

### Two Employees Asked

The most interesting session was held with Police Chief Jim Bale, who having submitted a budget to allow the addition of two women radio-dispatchers, found the tentative budget allowing but one.

As explained by Chief Bale, at the present time 2000 hours are now being logged with only one patrol car in the field. Should any difficulty arise, such as burglary, complaint answering, fire or relief, places the city unprotected and unprotected during the time the car is out of service.

Traffic control in the early hours is limited to one car in the field, if not on other assignments.

### Minimum Operation

Two dispatchers, stated Chief Bale, would put the department on a minimum operation, by returning two officers to the field for active duty. The qualifications of the women dispatchers, amounts in money to \$5340 per year, each.

The Council, to a man, was very understanding in all of Chief Bale's problems of being understaffed, and it was felt by those in attendance that the Council will surely allow the Chief the

necessary funds to place his force on a minimum basis.

### Parking Violation

Study will also be made relative to a "Meter Maid," a person, either man or woman, who will tour the restricted parking areas for ticket violators. Study will also be made relative to a "scooter" type vehicle for this job. It is also felt that full time would not be entirely necessary for this job, the balance of time to be given by the employee to the assistance in the office, to help relieve officers of certain routine report work, and relief of dispatcher time.

### New Equipment Fine

All new equipment was considered by the Council to be necessary, and the submitted expense of the department was cut \$500, on the tentative budget.

### Library

In the Library, the submitted budget was fairly well accepted in the Council Study, with salary increases in payroll, \$500 additional for books and \$600 for building consultation given full explanation by Chairman Lindsay. This budget if adopted will allow the Library to purchase approximately 1200 new books for the year. The adopted budget for the past year

## American Legion Auxiliary To Meet July 9

Unit No. 297, American Legion Auxiliary, will hold its next meeting on Thursday evening, July 9, at the home of newly elected President Mrs. Effie Pratt, 225 N. Lima. Reports from the State Convention at Sacramento will be given at that time.

A pleasant social evening was enjoyed at the home of Past President Mrs. Rudolph Galkin on Thursday evening. Bingo and a white elephant exchange were the social events of the evening. A delicious buffet was served by the hostess at the end of the evening. Mr. and Mrs. Galkin will soon leave for their new home in Granada Hills.

## Lorena Dix Hull 52 Year Resident Succumbs June 27

Lorena Dix Hull passed away Saturday, June 27, 1964, after a short illness. She was born on a farm in the township of White Oaks, Mich., Sept. 14, 1878. After graduating from Michigan State Normal College, she taught school in Ironwood, Dearborn, Chicago and Detroit.

In 1908 she married Wilbur S. Hull and lived in Walkerville, Canada, and came to Sierra Madre in 1912. She is survived by two children: Mrs. Robert P. Baugh (Cynthia) of San Marino and Mr. Charles S. Hull of Kingman, Ariz., and Catherine Dix and Shirley Dix Baugh and Barbara Gene and Melissa Marie Hull, grandchildren.

She was a member of the Sierra Madre Congregational Church for over 50 years and was active in the Woman's Society and Sunday School. The Sierra Madre Woman's Club honored her recently with a Life Membership, as did the PTA. She supported the Garden Club, Dickens Fellowship and Modern Priscillas.

Mrs. Hull loved flowers and was known for her beautiful arrangements throughout the city. One of her favorite quotations was,

## Bonelli For State Sales Tax Increase

In supporting in principle the County Chief Administrative Officer's recommendation for a one-half cent increase in the uniform four cent state sales tax to go to counties in reducing the burden on the Los Angeles County homeowner, Supervisor Frank G. Bonelli stated that the matter "is proceeding in the proper direction."

"Such added revenue, if pledged to reduce the property tax on homeowners, would also bolster our economy substantially by giving relief to the property tax on business and industry," Bonelli emphasized. "We must protect against our vital factories, plants and stores leaving our county because of an unhealthy property tax climate," he added. "In addition, a better property tax climate would encourage new business and industry to locate plants and stores in the county."

He concluded, "Soliciting support of a one-half cent county sales tax countywide from the Los Angeles County Division of the League of Cities, appraising the cities that the county would use such increased sales tax revenue to reduce the county property tax, could prove equally beneficial to all of our 76 cities and their property taxpayers. Under such circumstances, I could wholeheartedly support a one-half cent county sales tax."

The airman, a graduate of John Muir High School in Pasadena, received his A.A. degree from Pasadena City College.

AWARDS were given during the recent (June 18) annual meeting of the West San Gabriel Valley Council, Los Angeles County Heart Association. Receiving an Award of Merit is Mrs. Martin P. Stornie of Sierra Madre, Heart Sunday Community Chairman, from Dr. Paul E. Johnson, Jr. of San Marino, right, incoming chairman. Dr. J. Douglas McNair of Bradbury, outgoing chairman holds his Exceptional Service Award.

## Make Summer '64 Safe

## Fire Closure Effective July 1, Says Fire Marshal

Fire Marshal Bert Embree announced that effective July 1, 1964, the Fire Closure went into effect. This is in conjunction with the U.S. Forest Service and Los Angeles County action taken each year during the high fire hazard season. The signs have been posted, and the Fire and Police Departments have been instructed to enforce the ordinance that was set up for the protection of life, property and valuable watershed in the brush-covered foothills.

Locally, this means that there are no trails open for travel from the city area. The Mount Wilson Trail, Sturtevant Trail and the few other smaller trails will be closed. This also means that all brush-covered lands along the upper city limits are closed to entry. For the hikers who want to go into the mountains, the trails from Chantry Flats will normally be open to travel.

This year, in cooperation with the Forest Service and Los Angeles County, most of the Foothill cities are going to participate in the "FIRE HAZARD ALERT" program. In essence, this is a procedure set up by which, when the conditions indicate abnormally high fire situations, many "reserve" forces will be pressed into operations. Roads leading into the brush areas will be manned with personnel handing out safety literature.

When this drive is completed, the Team will have the available funds to keep them in first class operation for the many months ahead, funds that can get all those "extra" things that help them make a rescue under any and all conditions. Congratulations to each and every one of you who have made this possible. You will be reading how your dollars went to work in the future issues of the Sierra Madre News.

## Local Man Takes Vows

On Wednesday, July 1, in the Old Mission Church at San Miguel, 18 young men made their Profession of Tempory Vows in the Franciscan Order before the Very Rev. Terence Cronin, O.F.M., Franciscan Provincial for the Western states. They had completed their Novitiate Year (or year of probation) which commenced when they were given the Franciscan habit in July 1963. They promised to observe the Rule of the Franciscan Order as established by St. Francis of Assisi over 700 years ago. Their vows will be binding for a period of three years.

The Professional Rite followed a Solemn High Mass in the Old Mission Church at 9 a.m. on July 1. The Mass was sung by the Padre Choristers.

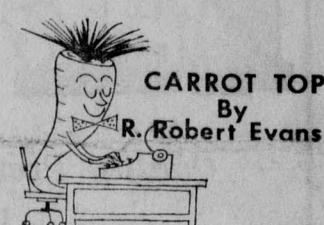

Among the Novices professed was Cleric, Rafael de la Torre, O.F.M., Sierra Madre.

## Kiwanis Members Enchanted By Pianist, Singer

"Music soothes the savage beast," and sure enough, our local Kiwanians came away from their regular luncheon-meeting, June 30, very soothed!

Harry Lange presented the program and introduced Gustavi Riherd, an accomplished pianist and a well-known piano teacher in the area, who in turn introduced one of his former pupils, Dennis Ascher, who not only is an accomplished pianist, but, as Mr. Riherd discovered, has a tremendous voice. Dennis sang several songs from various American composers, with Mr. Riherd accompanying him on the piano. The beautiful music they made in entertaining the Kiwanians was taped for future use in furthering Dennis' obviously bright career.

Two new members were added to the list of Kiwanians. Bill Sullivan was introduced by Frank Dolph and Doug Delahooke introduced Tom Lumsdon. Postmaster Charles Louk presented the new members with their Kiwanis pins and gave them the Kiwanis initiation talk and welcome.

The final accounting for the contributions to the Sierra Madre Search and Rescue Team, via the campaign of the Sierra Madre News, now stands at \$2,856.00. Add to this the contributions via the bloodhounds of \$458.69 and you come up with a grand total of \$3,324.69, and this is a figure that we only dreamed about, but now an actuality, and we give our thanks to each and every one who made this possible.

Now we learn of another drive that is being sponsored by three very enterprising merchants, with a hope of adding an additional \$2,000 to the operating funds of the Team.

Details of this new plan were given to you in the last issue of the News, and the first reports are that the drive is being accepted with great gusto by the citizens of the community.

When this drive is completed, the Team will have the available funds to keep them in first class operation for the many months ahead, funds that can get all those "extra" things that help them make a rescue under any and all conditions. Congratulations to each and every one of you who have made this possible. You will be reading how your dollars went to work in the future issues of the Sierra Madre News.

Jeanne Schilz and Douglas Peterson  
United In Double Ring Ceremony

MRS. DOUGLAS A. PETERSON  
...nee Jeanne Schilz

In a beautiful double ring ceremony on June 27, Miss Jeanne Schilz became the bride of Mr. Douglas A. Peterson. Frances Rodeen performed the afternoon nuptials

at St. Francis of Rome Church in Azusa, which was formally decorated with lovely arrangements of white gladiolas and chrysanthemums, and tiered candelabras at the altar. A hundred foot runner marked the bride's path, and matching floral arrangements were on the main aisle pews.

The bride is the daughter of Mr. and Mrs. N. M. Schilz of Beaumont, California. The bridegroom is the son of Mr. and Mrs. Oscar Peterson of Sierra Madre.

Given in marriage by her father, the bride wore a full length white silk organza gown, with a cathedral train. The gown and train were decorated with re-embroidered lace medallions, with pearl and cut glass beading across the shoulders. ## Meet Monrovia...

By GWEN

Graduations are over, school is out and summer vacation plans are well under way for most Monrovia. Early bird vacationers are Paul and Bobbie Smith, having just returned from a tour of Northern California with sons, Doug, Don and David. After enjoying the scenic views of Yosemite and Sequoia, they are now home awaiting the arrival of the fourth little Smith.

A Bon Voyage party for Mrs. Murray Carlson and Mrs. Roger Ferguson was hosted by the Tom Sutherlands. Off on a travel agent trip to Europe to investigate various accommodations for future travel tours, Margie and Barbara are leaving their husbands home to "batch." Attending the hilarious party with appropriate "gifts" were the Paul Garbers, Don Montgomerys, William Miners, Roger Fergusons, Murray Carlsons, Ron Colemans, John Sturgeons, Robert Thomases, Dr. and Mrs. John Harvey, Mr. Pete Thompson and the hosts, the Tom Sutherlands.

Newcomer: a son, John William Schrey, born June 16 to Harry and Cleo Schrey of Monrovia. Welcoming home brother number five are Stephen, 15; Richard, 13; Thomas, 10, and Mark, 7. Maternal grandparents are Mr. and Mrs. Floyd Dill.

Monrovia's loss is Arcadia's gain in the case of the Workmans. George, Mary Ellen, Kim and Scott recently moved into a spacious new home and are busily getting settled. Kim will be completing her last year of high school in the fall and Scott is a seventh grader.

Spoke to Mary Lou Kropke about her summer plans and found that this very busy family may not find the time for a long vacation. Roy is occupied with his many duties as Mayor of our city and Mary Lou is now a "career gal." Daughter Judy graduated from San Jose State in June and is looking forward to her 4th grade teaching position in Glendora. Son Roger has a summer job and plans to return to Pasadena City College in the fall.

Bob and Marian Teegarden are the proud owners of a new 19-foot boat which they are taking to Clear Lake in Northern California along with the children for water skiing, fishing and lots of relaxing at this beautiful natural lake. The Teegardens plan to drop son Bobby, 18, at school on their way home after visiting friends and relatives in Central California.

The membership includes Walter Bailey, art columnist for the Los Angeles Herald-Examiner; Gerald Brommer, art teacher; Al and Kay Dempster, staff artists at Walt Disney studio; Lee Dunkel, art teacher and demonstrator; Laurene Erickson, artist for Rocketdyne; Jackie Hannah, animator and art teacher; Lydia Hernandez, private art teacher; Jean Kenterickx, owner-operator-teacher of Flemish Art Shop; Wayne La Com, art teacher of adult education; Gary Fredrick Lake, Art Center graduate; Constance Marlow, portrait and still life artist; Pamela Mason, teacher-demonstrator; H. ## Art Exhibit Now On Display at Wilshire Federal

A weekly feature of the Professional Artists League of Southern California exhibit now on display in Wilshire Federal Savings Gallery, 3500 Wilshire Boulevard, Los Angeles, are the scheduled painting demonstrations each Friday afternoon at 2 o'clock.

The first demonstration will be an oil seascape on July 3 by Russian-born artist Lydia Hernandez.

From her first exhibit at the Greek Theater she was noticed by art critics Arthur Millier and Howard Burke for her outstanding quality and unorthodox style. Mostly self-taught, Miss Hernandez has studied in recent years with Leon Franks and Sergei Bongart and recently completed a six weeks session of painting with noted seascape painter Stanley Woodward. The exhibit will continue through July 17.

## Hastings Ranch Garden Club

A planning meeting for the 1964-65 term of office was held in the home of new president, Mrs. Michael M. McMahon, at 3085 Hampton Road, Pasadena, on Tuesday, June 23. Present were the following new officers: Mrs. Alton E. Peterson, vice president and program chairman; Mrs. Keith Lauritzen, secretary; Mrs. Richard E. Martin, treasurer; Mrs. Norman W. Shanks, project chairman; Mrs. Woodrow B. Moore, historian and publicity chairman; Mrs. Anthony Alfredo and Mrs. Fred M. Phillips, social chairmen; Mrs. Myron L. Hoag, nominating chairman.

Other officers, who were unable to attend, are as follows: Mrs. Santo S. Jandegian and Mrs. John A. Zeman, contact chairmen; Mrs. Vera Harding, garden

chairman, and Mrs. Richard Pauloo, sunshine chairman. Also present at the meeting was Mrs. Craig Williamson, last year's president.

The Hastings Ranch Garden Club was organized in 1952. Its membership is comprised of 32 housewives residing in Hastings Ranch who are interested in their homes and gardens and in cementing friendships of neighbors through contacts at their monthly meetings. Each year the group has a project which helps some needy group in a hospital or home for the aged. In addition, they contribute \$88 for replanting an acre of devastated forest land in the Angeles National Forest. This is sent to the Penny for Pines Organization which helps to replant the pine trees which have been destroyed.

The monthly meetings are held in members' homes with the exception of two tours followed by luncheon in some restaurant each year. In addition, a Christmas party is held each year at a member's home, or a restaurant, and to this affair the husbands are invited.

## Esquire Theatre Presents New and Unusual Film

Robert Laemmle, manager of the new Esquire Theatre in Pasadena, has announced the showing of a new and unusual film, "The World of Henry Orient" which opens on July 1.

"This film," said Mr. Laemmle, "is a first run for the Pasadena area. It has so intrigued audiences wherever shown that we expect it to enjoy a long engagement."

"The World of Henry Orient" is an American produced picture, the story of a concert pianist of doubtful talent who is suddenly and violently pursued by two prep school girls, Valerie Boyd and Marian Gilbert. Peter Sellers, the pianist, has been rising to fame with a number of recent motion pictures, and is now recuperating from a heart ailment.

The two teenagers who provide most of the comedy are new in the film world and act with a freshness and vitality that caused the New York film critics to rave about them.

Said Time Magazine's film critic: "The World of Henry Orient" is a precociously smart comedy that proposes juvenile innocence as an effective curb to adult delinquency."

Other featured players are Paula Prentice as Stella, the pianist's innamorata, and Angela Lansbury as Mrs. Boyd, mother of one of the girls. The witty dialogue and screen play came from the typewriters of veteran scenarists, Nunnally and Nora Johnston. Direction was by George Roy Hill.

Other officers are: B. P. Sewall, recording secretary; Mrs. Richard Carey, corresponding secretary; Mrs. John Tavis, treasurer; Mrs. Jack Pogue; members at large, Messrs. James Smith, Foster Buckner and Robert W. Hopkins.

Board chairmen are as follows: Social chairman, Mrs. Draper Phillips; program, Mr. Grant Raddon; book sale, Mrs. Perry Brown; Junior Friends, Mrs. Gordon Rudolph; publicity, Mrs. Austin Munger; Exhibits, Mr. William Palmer, scrapbook, Mrs. Earl Morris; membership, Mrs. Robert Nash; Newsletter, Mrs. Kay Wheeler.

The Friends reported that donations to the library, including prints, records, books and phonograph, during the past year have added up to a total of \$1,333.

The Book Sale netted \$525 exclusive of the value of 900 volumes which were placed on the library shelves.

Monies from the Friends' memberships were reported to total \$916.50.

The Friends wish to thank all who have been so generous with their time, interest, and donations to help make the Sierra Madre Library the growing facility for the community that it is.

Just seems to me that the 4th of July is coming a lot earlier this year. Maybe it is because summer has been so reluctant to get on its way. I have hardly been in potato salad mood, let alone Roman candles and sky rockets. Up go the boot straps, on with the smile, picnic time is here officially with the first sound of a firecracker. One bit of advice to those who are worried about the over-population of the world. Careless driving does about as much as all of the known diseases to shorten the life span. Those on the road this weekend should not only worry about the safety of their own car, but the reckless driving of the guy in the next auto. It is a good idea to let the guy who just has to get there first get there. The biggest wheel on the road will be the one that is the safest and most courteous. I don't want any of my readers to be statistics on Monday morning!

We have a delightful new family in the first house on Sierra Madre Villa, 965 to be accurate. I went calling on them the other day and was amazed at the magnificent view they command from their home. They overlook the golf course as well as the entire valley and mountain range. They are Mr. and Mrs. Frank R. Jensen, former Arcadians. They are the parents of seven children, but only the last three boys are living at home. Their eldest son and three daughters are all married and parents in their own right. I asked Mrs. Jensen how many grandchildren she had and she said, six going on nine. The boys at home are David, who just recently graduated from Arcadia High School. He will enter Brigham Young College in the fall. Their next two boys are Jim, who is 13, and John, who is 10.

Mr. Jensen is a C.P.A., with his own office here on East Colorado Boulevard. Hobbywise, the entire family makes good use of their recently completed swimming pool. After their landscaping is finally completed, which has become a recent hobby, they all intend to take up golfing as a family sport. As with all Mormons, their most burning interest is in their church, the Church of Jesus Christ of the Latter Day Saints. Their eldest son has already completed his mission abroad.

On the 4th of July they are expecting a little family group for a pot-luck picnic and swimming party. Those expected are Mrs. Jensen's three brothers and two sisters. They are Mr. and Mrs. Davis Grant of Palm Springs with their children, Bradford, Ronnie, Glen, Alan, Bart, Liz and Gregory, and Mr. and Mrs. John Grant of Sacramento with their daughters, Julie and Jill; Mr. and Mrs. Wallace B. Grand of 29 Palms with Kathy, Bob, Laura and Carrie; Mr. and Mrs. C. Lee Berry of Torrance with Steven and Alison; Kristen, Brian and Bruce, and Mr. and Mrs. Lee Wissler of Hollywood with their daughter, Libby.

The Jensen's own daughters and families also will be there. They are Mr. and Mrs. Reid Wood (Karen) of Ojai and their children, Heather, Grant and Stephanie; Mr. and Mrs. Chase Smith (Susan) of Culver City with Liley and Kimball, and finally, Mr. and Mrs. Marvin Wrigley of Duarte with their daughter,

## Letters To The Editor ...

**Additional Police Help Studied**

Asks Taken

Chief Brown asked that some token reserve be placed in the "New Truck" account as it was very evident that the City would require a new truck within two to three years at a cost of between \$28,000 and \$34,000, and that it took it almost one year to build and deliver the equipment.

Also an increase of approximately \$1000 for fire inspection time was asked.

**Valuation Up**

The assessed valuation has been estimated at increasing approximately \$1,200,000, from \$17,216,406 to \$18,400,000. This additional valuation will allow approximately \$21,120 to be distributed among the various departments without an increase in the City Tax rate.

Approximately ten years the City has administered its affairs without a tax increase. This year it is hoped by the Council that all departments will tighten their belts toward the budgeting for a new Civic Center. After this year, and it is obtained, additional funds should be had in the years ahead, for departmental use.

**Civic Center**

In the tentative Budget, under Sales Tax, is the item of \$210,000, \$10,000 of which will be transferred to the General Fund and the balance earmarked for the Civic Center Development.

Studies throughout the month will be continued by the Council with final adoption aimed for July 28, or adjourned session prior to August deadlines.

One of the finest installations in the 18 years of this club's existence was enjoyed by a total of 26 Lions, ladies and guests at a local inn. Dr. Warren E. Green, District 4-42 Cabinet Secretary, conducted an impressive installation ceremony — highlighted with presentations of plaques to outgoing officers and pins of office to the incoming officers. Lion Sterling Ripple received special recognition for his invaluable service as treasurer since 1957. Joseph Delgatto, one of the three directors this year, was again accorded praise for his continued interest in the Lions, having been an active member of Lions International for over 20 years and maintaining perfect attendance for 19 years thus far.

The business meeting this week was devoted to organizational plans set forth by incoming President Clem Bartolai. Administrative committees to be formed are: program, publicity and public relations, attendance, convention and membership. Service committees are: sight conservation, student speakers and civic improvements.

Final organizational details will be set forth Tuesday, July 7, at the monthly board meeting.

No business meeting is scheduled Thursday, July 2, due to the holiday weekend.

ditionally, I need not have to remind you of the burden that is already upon the shoulders of the County homeowners."

## Twelve Episodes To Be Shown By Bethany Church

The most detailed depiction of the life of Christ ever filmed, just completed after four years in production, is to be presented in 12 episodes of 30 minutes each by Bethany Church on Sunday mornings at 9:30, starting July 5.

John Kershaw, general superintendent of the Sunday school, said that youth and adult classes will conduct discussion groups during the 12 episodes. He said this would be one of the first showings of the complete motion picture series in this community.

"This Living Christ series was photographed in full color," Mr. Kershaw said. "Its cast includes more than 200 speaking parts. Never in the history of church teaching have people been offered the opportunity to get so complete a political, economic and religious background of the greatest story ever told."

The first episode is entitled "Holy Night." This film, photographed in full color, is a faithful Bible account of Isaiah's prophecy and its fulfillment, and covers the journey to Bethlehem, the manger scene and the adoration of the shepherds.

### KEEP ALL-STAR SELECTION WHERE IT IS

The fans of Houston recently submitted test ballots for the All-Star votes in both major leagues. The results stunk. Obviously not very well versed on the players in the American League, the voters came up with Yankees at every position except third base and left field.

Now granted the Yankees have talent but placing Tony Kubek, who is currently losing his short stop job to Phil Linz, ahead of Jim Fregosi or Luis Aparicio, is ridiculous. Brooks Robinson barely beat out Clete Boyer who is hitting .196. Maris was picked over Tony Olivo and Joe Pepitone named ahead of Bob Allison. Pretty bad.

THE PARTIAL Houston crowd also tabbed their own Nellie Fox at second base in the National League ahead of Ron Hunt and Bill Mazeroski. Orlando Cepeda wasn't even listed on the ballot so the fans put Joe Torre at first base and John Roseboro behind the plate.

SO THERE YOU ARE, let's leave the picking of the All-Stars to the people who know, the players, coaches and managers.

DID YOU EVER TALK to a horse owner that didn't think his own horse was a shoo-in to win the next race or a cross between Citation and Seabiscuit?

WATCHING THE DODGERS take gas at the hands of the Giants last weekend certainly gave the TV-viewers a chance to watch the batch of .220 hitters in action.

AND HOW DOES Alvin Dark keep the Gernets in a close battle for first place with a team batting average of .230 and no help from Willie McCovey?

OLD HANKUS is feeling pretty good about his pick of the Baltimore Orioles to cop the American League bunting. Of course it is still early but Hank Bauer's henchmen slapped the Yankees down in their important series while the White Sox lost 10 straight to the Bombers.

WOULDN'T A PHILLIES-ORIOLES world series be a nifty switch?

MARLIN PARADISE... Rancho Buena Vista located south of La Paz in Mexico. Resort owners practically guarantee you'll catch one of the big fish.

GOLF WIDOW STORY... Wife had not seen her husband for a few days so she called the pro at her husband's golf club and asked: "What time do visiting hours start?"

ISN'T IT ABOUT TIME the NFL recognized the rival A.F.L. and agreed to a

championship playoff between the two leagues? LOOK FOR JOE DON LOONEY to make it big in professional football. He's the lad who was booted off the Oklahoma University team last year.

LOOKING BACK SIX MONTHS... Bo Belinsky made a statement that he was sure to be traded by the Angels because of his disagreements with the management.

WONDER IF BERT LABRUCHERIE will have his Calteach gridders "fighting overconfidence" again this fall.

DO YOU SUPPOSE BILL KILMER will ever regain his superlative form for the Forty-Niners? The versatile Kilmer had a severely broken leg last summer in an auto accident.

IF RON PRICHETT and RALPH ALLEN, two of Muir's outstanding grid stars, turn up at PCC as expected, Don Hunt's Lancers could be especially tough.

WHO WOULD HAVE FIGURED that Albie Pearson would have virtually no part in the recent Angel resurgence?

SIERRA MADREAN Col. George Edwards, is such an avid fisherman that he often hits the briny deep as many as four times a week, and does his fishing from a wheel chair.

CHECKING AN OLD CLIPPING... "Fighting of year honors to Cassius Clay." That was for 1963. Do you suppose he will win it again this year?

WHERE WOULD THE ANGELS be now is Ken McBride was hurling in winning form?

### Masonic Service

July 1 For Milton M. Meeder

Milton M. Meeder, age 60, of 1685 Alta Oaks, Arcadia, passed away June 28 at home following a brief illness. Mr. Meeder, originally from Chicago, Ill., had lived in California 22 years and in Arcadia for 10 years. He was a salesman with the Rhenish Manufacturing Co. Survivors include his wife, Burnette J. Meeder; a son, Thomas D. Meeder of Santa Barbara; a daughter, Mrs. Donald J. Colbert of Sierra Madre; parents, Mr. and Mrs. David S. Meeder of Pasadena; two brothers, T. L. Meeder of West Covina and Dale Meeder of Blue Bell, Pa.; two sisters, Mrs. David Ewing of Pasadena and Mrs. Mary Grace Hedlum also of Pasadena, and eight grandchildren.

Masonic services were conducted by the Sierra Madre Masonic Lodge in the Ripple Mortuary Chapel Wednesday, July 1, at 10 a.m. Entombment at Pasadena Mausoleum.

### Lorena Dix Hull

"To live in the hearts we leave behind, is not to die." In lieu of flowers, her family has asked gifts to be made to the "Memorial Fund" of the Congregational Church, where a memorial service was held yesterday. Inurnment was at Live Oak Cemetery, Montevia.

### A Message By Rev. Armin Hesse

In connection with the observance of our National Independence Day, the Rev. Armin Hesse will present a message of spiritual association in the 8:45 and 10:30 Sunday morning worship services at Faith Lutheran Church, 845 Hastings Ranch Drive.

His pulpit message will be entitled "The Lord's Controversy with Our Nation." It will center on the sixth chapter of the Old Testament Book of the Prophet Micah, which he is currently presenting in chapter study and application in the worship services.

In announcing this theme he states: "This observance of our National Independence Day should produce some serious reflection in the minds and hearts of all of us who are privileged to be citizens of this nation. We readily recognize that all is not well between various citizens and groups in our country. But are we giving thought to what the

Lord's estimate of us may be? Is He in controversy with us in these decisive days?"

The Sunday school and Bible classes will meet at 9:35, with the children considering the Scriptural account of "The Parable of the Sower."

### Letters To The Editor...

Dear Editor:

Since the officials of the Episcopal Church of the Ascension, Sierra Madre, have taken it upon themselves to—

I—Present a play dramatizing a supposed need for defeat of the forthcoming initiative referendum, followed by—

II—A controlled lecture and discussion in the parish house urging the same and—

III—The passing out of such action—

May it be requested that in our democratic tradition a night be reserved for the use of these church facilities to present a rebuttal to these political positions?

The Seven-Up Club will meet on Tuesdays throughout the summer and the Upper-Ten on Thursdays, both at 6:45 p.m. In addition to this, regular Wednesday evening feature will be a combined Bible study and recreation night at the church beginning at 7:30. Other activities for the youth this summer include several camping experiences for all ages with a special "outdoor" camp for junior high youth during successive weekends in August.

The activities will conclude in September with a trip to Catalina Island. Any young person wishing to participate in these events throughout the summer can call Mr. Westover at 355-7944 for further details.

### Dr. Barnhart Announces Sunday Topic

"Freedom under God is the birthright of every man and must be experienced by each one if we are to have peace on earth, goodwill toward man," says the minister, Dr. Ethel Barnhart, who will use the sermon topic, "Your Freedom Under God," at both the 9 and 11 o'clock worship services, Sunday morning, July 5, at the Santa Anita Church of Religious Science, 226 W. Colorado Blvd., Arcadia. Child care is provided at both services.

Junior Church for children from kindergarten through eighth grade held at 9 a.m. provides religious education at the grade level of each child.

High school youth meet at 7 o'clock Sunday evenings. Summer week-day services include a Tuesday evening meeting at 8 o'clock and a Bible class held Thursday morning at 11 o'clock.

Dr. George Lamsa, noted Bible scholar, author and lecturer will speak at the Church, Sunday morning, July 12, at both services, and Tuesday evening, July 14. Dr. Lamsa is translator of the Holy Bible from the Aramaic language that Jesus and His disciples spoke. The public is invited. "Dial-for-prayer, III 7-6162 day or night," says Dr. Barnhart.

### Sunday's Bible Lesson-Sermon Is Announced

Modern man's need for a new and greater understanding of Deity will be explored at Christian Science churches, Sunday, in a Bible Lesson-Sermon entitled "God."

"It is our ignorance of God, the divine Principle, which produces apparent discord, and the right understanding of Him restores harmony," this is one of the references which will be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (p. 390).

The Golden Text is from Habakkuk: "The earth shall be filled with the knowledge of the glory of the Lord, as the waters cover the sea."

A spokesman for the company said they believed that their customers, and the public as a whole, would appreciate this patriotic decision. In addition, the scheduled closing on Saturday, July 4, will permit thousands of Von's employees to enjoy the holiday with their families.

The company also said that they hoped the public would not be inconvenienced by doing their Saturday shopping on Friday, before the normal Friday closing hour. All Von's and Shopping Bag markets will be open regular hours Monday through Sunday, June 29 through July 5, except for the closing on Saturday, July 4.

## Spending in L. A. Areas Reaches All-Time High

Southern Californians last year went on the biggest buying binge ever, the Los Angeles Chamber of Commerce disclosed this week.

Data compiled by the Chamber's Research Department shows that total retail sales in the Los Angeles Five-County Area reached \$13,601,972,000, an all-time high for the area.

Chamber researchers also revealed that the Los Angeles market continued to grow faster than New York (6.3% versus 3.6%) and has

widened its lead over third-place Chicago by approximately \$2,500,000,000.

The 17-County New York Consolidated Area registered sales of \$22,000,000,000 last year, while Chicago accounted for \$11,000,000,000 in sales.

The Chamber pointed out that, except for New York, the Los Angeles area leads not only in quantity but also in quality.

Last year in the Five-County Area there were 218,186 households with a

net buying income in excess of \$15,000. This compares with only 185,489 such households in Chicago; 87,590 in Metropolitan Philadelphia, and 77,312 in Metropolitan San Francisco with \$15,000 incomes.

The record spending produced a number of "firsts" for this area, the Chamber noted. Gas stations in the Five-County Area rang up more sales—\$1,073,552,000 to be exact—than for any other area in the U.S., in-

cluding New York's 17 counties.

A breakdown shows that \$3.2 billion was spent in food stores, \$2.5 billion on automotive sales, \$1.9 billion on general merchandise, \$1.1 billion in eating and drinking establishments, \$742 million in apparel shops, \$654 million on lumber, hardware and building supplies, and \$527 million in drug stores.

## Editorially Speaking....

### The Fourth

John Adams thought that Independence Day, "the day of deliverance," should be commemorated "by solemn acts of devotion to God Almighty... solemnized with pomp and parade, with shows, games, sports, guns, bells, bonfires, and illuminations."

That was nearly 200 years ago. Today there remain some acts of devotion to God; some pomp, a few parades, games and sports. Even some "illuminations" under the strict surveillance of anti-fireworks ordinances. One thing has been added, however, which Adams couldn't have envisioned, and would have preferred not to, even if he could: our annual highway parade to gory death.

Would that this Fourth of July could indeed be a day of deliverance... deliverance from heedless carnage, from intolerance, from oppression and repression; a day of deliverance for human dignity among all men. It won't be, but perhaps with enough solemn and sincere acts of devotion to his Creator man may in good time come to such a day. That, indeed, will be a glorious Fourth.

### An Incredible Injustice

"The order of the State Public Utilities Commission taking \$80 million away from the Pacific Telephone Co. and depressing its earnings by cutting back its rates is an incredible piece of regulatory injustice."

"For the Commission to have the power to order a utility to make refunds on rates it previously had said were reasonable would be unfair and could make a shambles out of utility regulations in the state."

In those words by our esteemed contemporaries, the San Francisco Chronicle and the Sacramento Bee respectively — and in similar words and thoughts of many other newspapers and individuals throughout the state — including two Commission members — the PUC has been challenged sharply and indignantly for an amazing inept and damaging misuse of authority.

It is not the money Pacific Telephone will have to return to its customers that is most at stake. It is the whole future of regulated utilities; yes, the future of the California business community. By ordering a retroactive refund (without, incidentally, any staff recommendation) the PUC jeopardized the orderly conduct of our great and essential utilities. How can a business be planned, capital invested, needed expansion provided on the basis of an approved rate of income when there hangs over it the Damocles sword of a possible, whimsical reversal such as that just performed by the Commission? What confidence could a potential new industrial customer place in the commission's rate rulings?

The Chronicle pointed out that Commissioner Peter R. Mitchell — a dissenter in the action along with Commission Chairman William M. Bennett — as much as said the PT decision was a grandstand play.

Certainly it was an "incredible injustice." Not just to Pacific Telephone; to the people of California.

### K's Hot Pipeline

Premier Khrushchev, it seems, has had not only a "hot" line to the White House, but a very hot pipe line to the heart of our diplomatic secrets.

There was a considerable flurry of concern recently when it was revealed that a large number of secret microphones had been discovered in the walls of the U.S. embassy in Moscow. Now, however, it comes out that that was just kid stuff. Cameras, sound detecting devices, all the paraphernalia of the snooper, had been built into our official headquarters, largely at our expense!

The State department tried to hide the extent of this Russian duplicity and our naivete. Never was it reported to Congress or the public that for years the Russians retained about one third of our embassy building and filled it with electrical equipment. Never was it reported that when the Russians finally agreed to move out they "re-modeled" their part at a \$150,000 cost to U.S. taxpayers, loading its walls, ceilings and floors with the snooper devices now being found.

As commentators Robert S. Allen and Paul Scott report, one security officer declared that "Khrushchev didn't need a 'hot line' during the Cuban missile crisis. All his agents had to do was intercept cables being sent by Secretary Rusk outlining the courses of action planned by the president." To confirm the decoded findings, the official said, Khrushchev's agents had only to listen in on all embassy conversations.

Some day the United States may grow up diplomatically. But one must ask, "How long, oh Lord, how long?"

### The Considerate Court

When actor Sterling Hayden appeared in San Francisco municipal court for sentencing following his nolo contendere plea on charges of breaking the law during a civil rights demonstration he attempted to underline the selflessness of his motives by saying: "This form of activity — sitting in — is not pleasurable to me, I dislike crowds. I dislike group action."

The judge was compassionate and considerate. He saw to it that Mr. Hayden wouldn't have to suffer further such public indignity to his finer senses. He put the man on probation for a year, during which time he is prohibited from participating in any more unpleasurable sit-ins.

## FREEDOM

At Any Price

By H. V. Witty

"Police Review Boards — a secret weapon of the Communist Party." The authenticity of this statement is fast becoming a fact. Pressure groups whose desire it is to harass, embarrass, and impede law enforcement are finally being exposed for what they are — Communist or Socialistic!

The editor of the California Peace Officer recently commented: "No matter what names are used by sponsors of the so-called Police Review Boards, they exude the obnoxious odor of Communism. This scheme is a page right out of the Communist handbook which says, in part: '... police are the enemies of Communism; if we are to succeed we must do anything to weaken their work, to incapacitate them or to make them a subject of ridicule.'"

It is not reasonable to believe that all organizations or individuals working for the establishment of Review Boards are Communist controlled. But the facts still indicate that Police Review Boards serve the Communist conspiracy.

Many flagrantly irresponsible charges of "police brutality" are being spread throughout the nation's press. Mayor Sam Yorty recently made this statement: "There is a psychological use of the phrase 'brutality' which I feel stems from the Communist movement."

It has been reliably reported that "those cities that have instituted Police Review Boards find there is a breakdown of law enforcement, and their streets are becoming increasingly unsafe."

Public Law 85-315 could paralyze police protection. This statute passed by the 85th Congress established the United States Civil Rights Commission with 50 Advisory Committees, one for each State. Formal public hearings are prohibited under this law as these committees may consult only with Governors, Attorneys General, and other representatives of local government and private organizations as it deems advisable. (Part 1, Section 103, Paragraph C).

Witnesses appearing before any of these committees cannot be put under oath. The sinister consequences of this alone is enough to stir the concern of any thinking American. What is to prevent these hearings from becoming a propaganda forum of unsubstantiated charges, perjury and vicious smears?

The California Advisory Committee to the United States Civil Rights Commission set up a hearing in Los Angeles to review charges against our police department. And who is vice-chairman of the California Advisory Committee that investigated charges of so-called police brutality in Los Angeles? None other than Loren Miller, the author of "Why I Will Vote Red."

The Velde Committee Report of 1935, lists Loren Miller on page 3065. The Dies Committee Report of 1938, lists Miller on pages 625-

INTERESTED IN THE

1996-7. The House Committee on Un-American Activities, Appendix 9, 78th Congress, in 1944, specifically mentions Loren Miller's name ten times in its exposure of members, signers and endorsers of Communist Front organizations.

The California Civil Liberties Union, the National American Civil Liberties Union, many left wing groups and the Communist Party are working diligently to establish Police Review Boards.

Remember: "A Police Review Board, whether called this or some other name, is a concealed stranglehold clamped on law enforcement by outside influences. The individuals in control of the board have no direct connection with the police or with the courts."

"The primary objective is to subject policemen to pressures and restraints beyond the proper ones provided by departmental regulations, by laws and by the courts."

The question is — how can law and order be maintained if policemen are bound in chains?

flag, feed the prisoners, gather the mail, and the hundreds of other jobs charged to them, makes it a very sparse time left to take care of traffic control, but it is getting noticeably better and we do hope that funds will be provided to give us more men on the job, for the protection that is needed.

—CT—  
This week we welcome the new Monrovia readers to the Sierra Madre News... 521 new subscribers have been added and this brings the total subscriptions in the city of Monrovia to 1,162, and this is not a bad audience to cater to, do you think?

—CT—  
A recent statement from Bishop James A. Pike, San Francisco, Episcopal leader, "... It's only when they disagree with you that people claim men of the church shouldn't interfere in non-church matters; when they agree with you they applaud you for sticking your neck out."

—CT—  
Could this be an admission that the controversy over the Rumford Act is non-church matters?

—CT—  
To us, the Rumford Act ceased to become a "moral" issue when the initiative was filed and found sufficient to place the matter on the ballot for the vote of the people... this to us, of course, signifies that it has become a "political issue," and has been taken out of the moral issue column.

—CT—  
In closing the column for this week, let us remind you: "A person who is predominantly liberal is simply a person who favors more and more statism, versus one who favors more and more individual enterprise." See you at the Firemen's picnic, I hope, I hope, I hope.

Music for dancing will be provided Saturday night, July 3, at the party which the Harry L. Embree Post, Veterans of Foreign Wars, and Auxiliary have planned for those couples who are staying in Sierra Madre over the holiday weekend. The dance is open free to the general public, and a late snack of hot dogs and coffee will be served shortly before midnight.

A crowd of approximately 20,000 persons, biggest in the 7-year history of the event, attended the Family Fiesta June 27, on the grounds of the Passionist Fathers Retreat House in Sierra Madre.

The Fiesta is sponsored annually by the Mater Dolorosa Laymen's Retreat League. Proceeds will augment the retreat house building fund, as well as help defray expenses incurred by the fathers during the forest fire and flood emergencies last winter.

Robert H. Green is the new local agent in the Sierra Madre office of the Southern California Edison Company. He succeeds Ernest Gray, who will occupy a similar post in Arcadia. Mr. Green comes to Sierra Madre from the Edison Company's Monrovia office, where he has been for three years. He is a veteran of 18 years of Edison service, having joined the company in 1926 in the Pasadena district.

Barring some unforeseen development in the war situation, racing will be resumed at the famed Santa Anita track on New Year's Day. The government has turned back the property to its owners, the Los Angeles Turf Club, and issued orders for its restoration to its original condition as a sporting center.

The government took over the property shortly after Pearl Harbor as an evacuation center for Japanese residents. Hundreds of prefabricated buildings were erected almost overnight. It continued as an evacuation center until the Japanese were removed to relocation centers, when the Army took over the track and it became the largest ordnance training camp in the nation.

Pointing to the most prosperous summer season here since boom days, vacationists from beach towns and the metropolitan area poured into Sierra Madre Canyon in unprecedented numbers on the 4th of July holiday. Canyon realtors report they had a difficult time filling all the orders for summer cottages, as the majority of available cabins and apartments are already occupied by early visitors.

Eight hundred goats will be turned loose on the mountains north of Pasadena this summer to keep the firebreaks and mountainsides free of inflammable vegetation. Goats have been used successfully in Arizona and Nevada to clear the mountains of dead vegetation, but this will be the first time the experiment has been tried in this state. The first

shipment of Billies and Nannies is expected to arrive Aug. 1 from Arizona, and Italian goat herdsman will be in charge of the flocks on the mountains.

of pearlized blossoms. The bridal bouquet was of phaeonopsis orchids, stephanotis and coral carnations.

Mrs. John Davis of Pasadena was matron of honor, and Miss Joanne Thorpe of Berkeley was maid of honor. The bridesmaids included the bride's sister, Miss Margaret Griffith, Miss Mary Cathleen Smith of Paso Robles and Miss Janet York of Pasadena. Miss Deborah Tompkins of Claremont was the flower girl.

The bridal attendants wore floor length gowns of mint green organza over matching taffeta. Their hats and veils were of the same color, and they carried arm bouquets of Tropicana roses.

Serving as best man was John R. Griffith, brother of the bride, and seating guests were Richard Terhune of Redondo, William King of Traverese City, Mich., Daniel Okimoto of Pasadena, and Russell Harrison of Pasadena. Herman Runde of Sierra Madre was the ring bearer, and the candle-lighters were Glenn Griffith, brother of the bride, and Bruce Smith. Soloist for the wedding was Mr. Paul Colin of Berkeley.

Following the wedding, a reception for 500 was held at Holliston Hall, and afterwards another smaller party took place at the home of the bride's parents.

The bride's mother wore a floor length shell pink linen sheath, embroidered in deep rose. Her corsage was of miniature pink roses. The bridegroom's mother wore a floor length gown of pow-

der blue crepe, with a white orchid corsage.

Kathy and Dick left for a honeymoon trip to Yosemite following their wedding, and on June 20 returned to Berkeley to be matron of honor and usher at the wedding of Joanne Thorpe (Kathy's college roommate), and Paul Colin. Then they will motor across the country to Quantico, Va., where Dick will have six months of Marine Corps officers training.

Kathy graduated from Pomona June 7, and Dick graduated, cum laude, from USC on June 11. Both are graduates of Pasadena High School, and members of the California Scholarship Federation. Kathy was American Field Service representative to Norway in 1959. Dick is battalion commander of the Naval ROTC at USC and was named outstanding Marine officer candidate at Quantico last summer. He won four awards at the final ROTC dress parade for highest academic standing and officer aptitude. He is past president of his fraternity, and past secretary-treasurer of the Associated Men Students at USC.

Among out-of-town guests present at the wedding were the bride's uncle, Mr. and Mrs. Roger T. Smith and family from Paso Robles. Also Mr. and Mrs. Lloyd Thorpe of Berkeley, Mr. and Mrs. William King and family from Traverese City, Mich., and the bridegroom's uncle, Mr. and Mrs. H. Bruce Grimes and family from Kansas City.

by LOLITA

If you are troubled with infectious dandruff, yours is a complaint that dates back to the early Egyptians. The causes are many — fatigue, emotional stress, climate, diet, oily hair and lack of sensible hair care are some of the prime contributors to this condition.

Washing your hair twice weekly with medicated shampoo and finishing off with an anti-dandruff rinse is a good start toward controlling dandruff. Inasmuch as foods high in fat content can stimulate overactive oil glands, it is a good idea to bring diet into the campaign against dandruff.

Speaking of good ideas — how about treating yourself to a dazzling new hair-style at PETITE BEAUTY SALON? Our stylists have the knack of creating the perfect hair-do expressly for you. Make your appointment today at PETITE BEAUTY SALON, 185 West Sierra Madre Blvd. Open 6 days — evenings by appointment. And for your needs we've just installed the wonderful VAPOZONE MACHINE USED BY THOUSANDS OF HAIRDRESSERS IN EUROPE. It arrests and clears up dandruff, greasy scalp-dry scalp and is beneficial to the skin in every way. Try it for new skin and scalp health. Phone EL 5-8041.

THIS WEEK'S HELPFUL  
HINT: As a further check on dandruff, wash your combs and brushes often, adding ammonia to the rinse water.

MRS. RICHARD LLOYD HEILMAN  
... nee Lelia Ann Robertson

A garden reception at the Sierra Madre home of Mr. and Mrs. Christopher Paige Robertson followed the wedding in St. Rita's Catholic Church of their daughter, Lelia Ann to Richard Lloyd Heilman. The Reverend Father Thomas O'Malley performed the afternoon ceremony before an altar banked with arrangements of white carnations, tulips and ferns. Topiary trees of white flowers and silk cord marked the aisles of the beautifully decorated church.

The bridegroom is the son of Mr. and Mrs. Andrew C. Heilman of 216 W. Longden Ave., Arcadia.

The bride spoke her vows in a gown of white silk chiffon flowing gracefully from a high empire waistline, banded and bowed with silk peau de sole. The simple bodice of Alencon lace was richly patterned. She wore a lace bordered mantilla, and carried a bridal bouquet of lilies of the valley encircling blue forget-me-nots.

Mary Elizabeth Robertson was her sister's maid of honor, and the bridesmaids were Carol Landon, Elizabeth Bonner and Mrs. Rudolph Ferlan. Their long, antique white crepe, empire styled gowns had tulip sleeves and sashes of blue embroidered French ribbon. They wore matching horse-hair picture hats and shoes, and carried white tulips.

John Hines served as best man, and seating the 300 guests were the bride's brother, Robert Robertson, Robert Wintz, William Price III, Lt. (jg) William Eldredge and William Blackburn, Jr.

Following the wedding, the bride's aunt, came from the bridal party received guests in a circular area of

the Robertson's garden, with a background of shrubs and flanked at each end with tall candelabra. The aisle leading to the receiving line was marked with hurricane lamps holding daisies, and large urns of margaritas. Mrs. Robert Filley was in charge of the guest book.

Mrs. Robertson wore a light blue silk suit with matching shoes, and a white hat for her daughter's wedding. The bridegroom's mother was in pink crepe with a beaded bodice, accented with pink hat and shoes.

The newly married couple spent their honeymoon in Hawaii, and upon their return will reside in South Pasadena.

Lelia is a graduate of Mayfield High School in Pasadena and of Dominican College of San Rafael. She is a former member of Pandias, and a past president of the Junior Auxiliary of St. Luke Hospital. Her bridegroom graduated from Arcadia High School and the University of Southern California, where he is now taking graduate work in finance. He is affiliated with Alpha Tau Omega fraternity, and was a member of the Trojan Knights and Squires. He was a Lieutenant (jg) in the U.S. Navy, and served two years in Japan.

Mrs. James M. Church, the bride's aunt, came from Danville, Virginia, to attend the wedding festivities.

A fast profit is fine for investment capital. But savings are different. They need the complete protection and the steady rate of interest they get at a bank. # Letters To The Editor Show Deep Concern For Problems Facing The

Dear Editor:

These are some of the questions homeowners on Foothill Ave. are asking each other each day — What are the answers?

1. Why is denuded hillside above us on Foothill, not planted as per edict? Three (3) months since flood.

2. With all pads sloping into dirt streets above us — all dirt streets sloping toward Acacia, where will heavy water and silt-runoff go NOW if we have unexpected heavy rains. Corner of Acacia and Foothill? — Then what!

3. If bare hillsides not

planted, watered, and properly and sensibly maintained IMMEDIATELY, what will happen to residents below if mud, or even just large quantities muddy water runoff, run into Foothill residences? Who will be responsible for that act? (Please not GOD again):

(a) Nuetzel, contractor, etc. — if lot not sold?

(b) The new buyer? Supposing he buys, but doesn't build for a year or two?

(c) City of Sierra Madre? Because one does expect its Government to provide "reasonable" protection.

4. It is common practice for Council to play "dirty

pool" with small homeowners, and cleverly pass over items on agenda printed program, wait until audience is sure items are not going to be discussed and "safe." GO BACK and take up important problems of their friends???

Why would the Council do this? Let's hope it is not the obvious answer.

5. What kind of an Insurance Company is handling damage claims for this city? Is it REALLY as inadequate as most citizens say it is? Why so adamant to talk with residents who have legitimate damages — so obvious the world can view them from blocks away from the scene?

6. Why don't our trusted government officials suggest and TRY to convince their glorious insurance company to take care of Sierra Madre citizens when the situation is clearly an open and shut case? Isn't Sierra Madre paying the insurance company a goodly sum? Doesn't it expect legitimate and correct business-like and human behaviour then for that money paid?

7. The 300 block of Foothill Avenue has had its poor street overloaded with giant equipment moving up into the hillside development, now it is covered with ugly oil spots and cracks. WHO will be responsible for the cost of resurfacing this? When? Curbs all along are cracked and terribly broken since the Council's friend, and a sloppy contractor, (oh yes, and God) brought mountains of mud down on us April 1. Who will defray the cost of mending our curbs? When?

Our once quiet, once clean, lovely street is solidly lined with truly fine residents, many of them not physically able to cope with the "Big Mud Folly." We have 23 children, most under age of 10. Is our city government completely disinterested in the safety of these citizens — taxpayers? Well, "hope springs eternal"; we all want our questions answered and our disillusion corrected. We all want to go on living in our lovely little Village-Town, keeping our residence in A-1 condition — our yards clean and green — living in close, happy relationship with our neighbors, on a clean, repaired street — paying our City taxes gladly, with a heart full of pride and justifi-

able confidence in the honesty and integrity of our public officials.

Dear Editor:  
The following is an open letter sent to the City Council:

Gentlemen:  
Enclosed is a copy of our letter to Mr. Evans, Editor of the Sierra Madre News (published June 25) which is self-explanatory.

We understand that the Budget now before the City Council contains provisions which would partially, if not totally provide for the very items set forth in Mr. Evans' article in the Sierra Madre News of June 18, as well as those we suggest in our letter to him.

As taxpayers, we strongly urge that necessary funds for the maximum protection of our citizens be approved by the Council.

—MR. & MRS. FRANK  
—EGGERT

We heartily concur with the statements set forth and individually urge the City Council to approve funds necessary for maximum safety and traffic control in Sierra Madre.

Signed — Arthur Lambert, Margaret Lambert, Barbara Laws, Grace Lipsitz, Clarence A. Swanson, Elvy E. Swanson, Audrey Bellavia, Dominic Bellavia, Ruth Hull, Jean Forsberg, Howard Forsberg, Gilbert B. Hull, Frances Perlin, Sanford H. Bennett, Jr., and Salley Bennett, all residents of 660 W. Sierra Madre Blvd.

Dear Editor:

Your front page article of June 18 was a very personal matter to the residents of 660 W. Sierra Madre Blvd. This apartment address is shared by the parents of Patricia Lambert and Cathy Wright, as well as several other families. Needless to say, the tragic event of June 8 is indelibly marked on the hearts of all of us here. At this point, we would like to say we feel that the police officers who responded to the call should be highly commended for the fast and efficient manner in which they handled the emergency.

We cannot change what has happened, but we can take steps to protect children of the community in the future.

We are sure your recommendation to increase the patrol force would do a great deal to help the hazardous conditions we have on Sierra Madre Blvd. However, it is apparent that other controls also are badly needed.

First, it is suggested that a check be made at the intersection of Sierra Madre Blvd. and Michillinda any morning between 7:30 and 8:30 and any evening between 4 and 5 p.m.—this is where the "strip" begins—and it is a very confusing and dangerous intersection. (Of course, the traffic will not be nearly as heavy during the period when school is not in session.) It is strongly recommended that the City of Sierra Madre instigate a joint project with the City of Pasadena to install an automatic stop and go system at this intersection.

Secondly, it is also strongly recommended that stop signs be posted on Sierra Madre Blvd. at the intersection of Sunnyside and that pedestrian cross walks be painted as soon as possible, but certainly not later than the opening of the school term in September.

The foregoing would not only serve to protect our children, pedestrians and motorists, but would cut the speed of traffic and allow

leave (after midnight), then, when hall is nearly emptied and the moment is for some breaks in the traffic so that residents could safely pull out of driveways onto the boulevard.

We would like to thank you for pointing out the need for greater traffic control. We stand ready to circulate petitions, if necessary, to assure that maximum safety precautions are taken. Where do we go from here?

—FRANK EGGERT  
—JEANETTE EGGERT

Dear Editor:  
Well, I waited two weeks and I finally, after the initial shock wore off Guason, got an unadulteratedly asinine answer from her. Quite frankly, I must agree with Guason when she says, "Mr. Warren has more sweeping accomplishments to his credit than any other Chief Justice." Mr. Warren HAS more "accomplishments to his credit" and so should be justly ashamed of himself.

The Constitution of the United States says in Article Three (3), section one, "The judges, both of the Supreme and inferior courts, shall hold their offices during good behavior . . . ."

14—SIERRA MADRE NEWS Thursday, July 2, 1964

seems that according to the Constitution Mr. Warren should have been removed several years ago. Article Two (2) section four, pertains to the removal from office of all civil officers for "treason, bribery, or other high crimes and misdemeanors." Article three, section three, defines treason: "Treason against the United States shall consist only in levying war against them,

OR in adhering to their (U.S.) enemies, giving them aid and comfort." The very actions of Mr. Warren convict him of treason by our so-called out-of-date Constitution.

Only the last week has seen him, once again, convict himself. On Monday, June 22, Mr. Warren's court ruled that Communists should be allowed pass-

Some people just didn't realize how much Fords have changed. Then, they came in to see Mustang —and took their first good look around a Ford showroom. They saw the hottest line of cars in America . . . the "Car of the Year" Award winners . . . the best-built Fords ever. They saw cars so smartly styled, so easy to handle, so good to drive, that they made this the best sales year in Ford Division history even before the Mustang came out. They saw America's leading performance car —the Super Torque Ford (hardtop sales up 54%). They saw America's most famous personal luxury car—Thunderbird—with sales up 68% over last year's record. They found out why Falcon almost outsells Chevy II and Valiant combined. And why Fairlane is a pace-setter in its own field. One look can make you fall in love with any one of Ford's 46 models. A test drive can make you a Ford man forever.

ports. The action was originally brought by Elizabeth Gurley Flynn, national chairman of the Communist Party U.S.A., when in 1962 her passport was revoked. She appealed to a U.S. District Court who refused to reissue the passport.

Mrs. Flynn then appealed to the Supreme Court contending that her freedoms under the First Amendment had been abridged. Mr. Warren and five other justices agree with Communist Flynn. They believe she should be allowed to travel

freely while she plans to help destroy the country. "Giving them (the enemy) aid and comfort . . ." says the Constitution is treason and for which an official may be impeached and removed from office. What, Guason, just what do you call the recent agreement of the High Court, and Mr. Warren, with the Communist Party U.S.A. if you don't call it giving aid and comfort to the enemy?

Open your eyes, Guason, or can't you stand a little light and truth?

By the way, I AM tendering Mr. Warren proper credit for his services, but I disagree with you, Guason, on which country is being benefited by his services. One look at Warren's record and it is definitely obvious that the beneficiary is certainly not the United States of America.

Dear Editor: The people of this neighborhood are circulating a petition for some traffic control at Sunnyside and Sierra Madre Blvd. We would appreciate it very much if you would print the petition, copy of which is enclosed. We also want to thank you for your wonderful article "Blood On Our Hands."

—The Petitioners

TO THE HONORABLE, THE CITY COUNCIL OF SIERRA MADRE:

The undersigned are residents of Sierra Madre, living in the vicinity of the intersection of Sierra Madre Boulevard and Sunnyside Avenue, and from time to time are required to cross said intersection either by foot or by vehicle.

The recent tragic accident involving two school girls has emphasized the existing need for some control of traffic at this intersection; re-emphasizing a fact established 11 years ago with the death of an elderly citizen at the same intersection.

We respectfully urge that the volume of high speed traffic moving east and west on Sierra Madre Boulevard at this intersection requires (1) suitably marked pedestrian crosswalks and (2) boulevard stop signs affecting east-west traffic so that the intersection will become a four-way stop.

This intersection is used by school children, by bus passengers, and by other pedestrians. The dubious safety of the pedestrians' right-of-way in the unmarked crosswalk is well known and is well demonstrated by the previous pedestrian deaths at this intersection. A marked crosswalk would bring to the attention of motorists the fact that pedestrians are likely to cross, would make the motorists more alert, and would possibly reduce the speed of traffic. This much, at least, would afford some protection to pedestrians.

The addition of a boulevard stop would guarantee the greatest protection and would reduce the high speed of traffic which now prevails in the long, uninterrupted run from Michillinda to Lima — this, incidentally, might make an increase in police personnel as advocated by our newspaper editor less necessary.

We have, therefore, affixed our names and addresses below and honestly entreat your favorable consideration of this, our request.

—LILLIAN B. SAGE

Dear Editor:

Our City Council deserves commendation, I believe, for their action on June 23 in connection with proposed hillside development and I would like to express at least personal appreciation of their action.

The seven hundred citizens who agreed with the Council that approval of such developments in our hillside areas would not be to the benefit of Sierra Madre are, I am sure, equally appreciative of the decisive action taken by our elected representatives in behalf of health, safety and good planning.

A number of these citizens, I know, now share the hope that the City will follow this exemplary initial action with prompt relief of remaining hazardous conditions.

It is hoped also that the Council will institute an immediate Master Study of the hillside areas including methods of zoning which will discourage massive rearrangement of land and

loss of watershed by making retention of natural terrain economically attractive to future developers, together with a careful study of the additional population density that can be tolerated in terms of future schools, fire protection, traffic and water service which the City will be able to provide without additional burden to our current tax load.

The Council has an opportunity, thanks to its action of June 23, to perform now a service of immeasurable benefit to Sierra Madre through such a study. This can only be accomplished, however, prior to approval of any further large scale hillside developments. Both current and future citizens would give lasting thanks to our City Fathers, I believe, if Council should see fit to instruct its Planning Commission to undertake this study without delay.

—MRS. JOHN H. MADDOX

**LEGAL NOTICE**

NOTICE IS HEREBY GIVEN that pursuant to the provisions of the Code of the City of Sierra Madre, Section 6525, that the Planning Commission of the City of Sierra Madre has fixed Thursday, July 16, 1964, at the hour of 8:00 o'clock p.m., in the Council Chambers of the City of Sierra Madre, located at 55 West Sierra Madre Blvd., Sierra Madre, California, as the time and place for holding a public hearing on a proposed variance from the zoning ordinance of 25 feet to an average of five feet for property described as Lots 104 and 105 of Tract 4450, further described as being in the 700 block of Skyland Drive between Idle Hour Lane and Fern Lane.

Application and map are on file in the office of the Secretary of the Planning Commission. The application alleges that there are special circumstances attached to said property which generally do not apply to other properties in the same district and vicinity; that the granting of a variance as aforesaid will not be detrimental to the public welfare or injurious to persons in the vicinity thereof, in that the proposed variance, if granted, would be subject to such conditions as the Planning Commission may deem necessary to assure that the spirit and purpose of said City Zoning Code will be maintained, and substantial justice done to all parties.

Interested persons may attend and be heard.

## Local Student Wins Scholarship

Over 850 undergraduate scholarships for the coming academic year have been awarded to California students by the Berkeley campus of the University of California, Chancellor Edward W. Strong has announced.

These include alumni and regents scholarships, as well as those provided by numerous public service organizations, foundations and memorial funds.

In addition, 45 scholarships have been awarded to out-of-state students and 52 to foreign students.

"Scholarships have the special purpose of honoring and encouraging students of outstanding ability and promise," Chancellor Strong said.

The scholarships range in value from \$200 to \$600. Almost half of them are awarded to entering students.

A scholarship winner from this area is Neil J. Yarnell, of 660 W. Sierra Madre Blvd.
